Stadium Signs can be made in full color, just be aware that you want large print as small print is hard to be seen across the field. Keep signs simple & send as a JPEG for best results. If you are advertising in the football media guide also be aware that your ad will be printed in black & white. For best results please send your media guide images in black & white, unless otherwise informed. All artwork for football media guide ads need to be turned in no later than July 31, 2015.

Advertisers please submit all images in PDF or JPEG format to coachbittner@gmail.com
